

Year 3 Term 6

SCRATCH

Computing

Programming. We will be exploring the use of Scratch to move a Sprite; develop a maze; debugging and creating a final project.

Online Safety

We will be thinking about how we can be mindful of our health, wellbeing and lifestyle when being online.

Geography

Locate continent, narrowing down to the UK and finally down to Langtoft and the surrounding area. We will look at how the local area attracts people to visit and using maps to identify key features and using map keys.

English

We will be writing a recount, reading Varjak Paw by SF Said to help inspire our narrative writing and also creating our own poems.

Maths

We are learning about shape, angles and positional language. Following this we will be getting to grips with statistics and finally polishing our key number skills.

What attracts people to the local area?

We will be looking at the local area, exploring and reading maps and using them to navigate.

Science Light

How do we see? Why is light important? How does sun affect us and how do we stay safe in the sun? The children will answer these questions plus work scientifically to carry out investigations.

PSHE

Changing Me

This term we focus on changes that happen as we get older, including changes on the outside and inside of our bodies. We think about how changes affect us, including moving year groups.

Physical Education (PE)

This term the children will get to learn and develop skills such as teamwork and cooperation in Outdoor and Adventurous Activities.

The children will also learn the skills for rounders, culminating in playing a whole class game!

Music – Reflect, Rewind and Replay – sing, play, improvise and compose.

Languages – Spanish

Design and Technology – Textiles – The children will work with textiles to create and Egyptian inspired product.
