

Year 1 Term 3

Toy Story

English

We will be read the story Dogger by Shirley Hughes and using this to write our own stories about a lost toy.
We will also learn how to write instructions.

Art

We will create observational drawings of toys and we will look at artwork by artists who have used toys as their inspiration.

History

We will learn how to be a historian and discover toys from the past whilst comparing them to the toys we play with today.

Maths

Number: Place Value (within 20)- using number lines
Number: Addition and Subtraction (within 20)

RE

We will consider the question 'What is God's job?' by investigating the role of God through stories and sacred texts and looking at what this means to different people.

This term we will journey through the past and around the world to explore the history of toys and compare them to what we have today. We will examine what materials toys are made from in science and why!

Key drivers

To learn about the past to inspire curiosity and help us understand the process of change.

Geography

We will look at toys from around the world using photos taken by Gabriele Galimberti.

Science

Our topic is 'Everyday Materials'.
We will identify and name a variety of materials as well as learn about and compare their properties.

PE: Our PE topics this term are Dance and Invasion Games. PE days are Thursday and Friday.

Music: We will learn about different types of music in our unit 'In the Groove'.

Computing: We will learn how to programme a moving robot (bee-bot).

Thursday 11th Jan- visit from Peterborough Museum for 'Toys from the Past' workshop!
