

Year group 2

Term 3: Land of the
Dragons: China

English

Our English work will be based on *The Egg* by M.P. Robertson along with other dragon related texts. We will be learning how to write a non-chronological report all about a dragon we create. We will then be writing a narrative based on an adventure we have with a dragon.

Design and Technology

Linked to our science work about eating a balanced diet, we will be designing and them making a fruit smoothie.

Art

Our art work will link to our dragons focus. We will be sketching dragons, looking at details. We will then focus on dragon eyes by designing detailed eyes and then creating 3D models using clay.

Maths

We start the term continuing our unit on multiplication and division. We will learn how to divide by sharing and grouping. We will then learn about money, using our addition and subtraction knowledge to add amounts and work out change.

Geography

In geography we will be finding out about China. We will learn about the physical and human features and be able to mark these on a map. We will compare the similarities and differences between living in China with living in the UK.

Key Driver:
resilience

Our class text:

PSHE: Dreams and Goals. We will learn how to become resilient and how to work as a team to achieve our goals.

Computing: Programming- Robot Algorithms: We will learn how to give instructions that can be followed by a Beebot and how to debug.

PE: Dance and Sending and Receiving

RE: Being Human: Islam. What does the Qur'an say about how Muslims should treat others and live their lives?

Music: Exploring feelings through music

Science

In science, we will be learning why it is important for humans to exercise. We will learn why it is important to eat the right amounts of different types of food. We will investigate why it is important to be hygienic by finding out what will clean our hands the best.
