

Year 3

Summer term 2022 part 1

EGYPT

EGYPT

English

Recounts, letters and non-chronological reports are a focus using Ancient Egypt as an inspiration and The Miraculous Journey of Edward Tulane.

Art

Starting with a focus on a bust of Nefertiti we concentrate on shading using a grid method. Investigate the art of Ancient Egypt, paying close attention to Tomb Models before creating some of our own.

Computing

Programming. We will be exploring the use of Scratch to sequence music. This will be achieved designing and building code in a range of ways to experiment with the outcome.

Maths

To recap on pictograms and bar charts as part of statistics before covering length, perimeter and fractions of a number.

Why were tomb raiders in Ancient Egypt?

We will be exploring our immediate surroundings and the UK before reaching Egypt to discover its fascinating past and the life they would have lived.

**Drivers-
resilient,
independent,
global citizens.**

Science

Understand how plants grow and reproduce including seed dispersal. We will then focus on Light – how we see objects and describe the dark. We shall also explore the hazards of the Sun and precautions involved including an eclipse.

Geography

Name and locate cities and counties in the UK. Sketch maps and use keys to identify information. Land use and surveys in the UK. How has Langtoft changed? Locate the continent of Africa & the country of Egypt on a world map.

Religious Education

Sikhism

Sharing and Community
Do Sikhs think it is important to share?

We are learning to explore how Sikh beliefs affect their ways of life and the importance they place on sharing.

Music – Bringing Us Together - sing, play, improvise and compose.

P.E – Athletics and Outdoor Adventurous Activity (OAA)

Languages - Spanish
